

August 31, 2020

Dear Bottom Breathers Dive Club,

Thank you for your \$840.00 donation to Project AWARE® on 31st of August 2020. Your generous gift will help sustain our work to realize our vision: a return to a clean and healthy ocean. Your kind contribution is incredibly valuable to us as we rely on funding to:

- Support our mission to remove and report the next million pieces of debris – 2 million in total - by the end of 2020. The Dive Against Debris® program has engaged over 85,000 divers in 120 countries, contributing to the largest underwater marine debris database on the planet and aiding thousands of entangled marine animals. Follow the link below to see the growing impact that your donation helps us to achieve globally - www.projectaware.org/diveagainstdebrismap
- Help safeguard over-exploited vulnerable shark and ray species. In 2019, we are happy to announce that Project AWARE helped secure an unprecedented vote to restrict trade in mako sharks and rhino ray species under the Convention on International Trade in Endangered Species. Your support has also helped bring historical catch limits for blue sharks.

Your donation is critical to achieving conservation wins. Please visit our website to learn more about what we're doing to protect vulnerable marine species - www.projectaware.org/what-we-do.

Thank you for standing together with us - we couldn't do it without you.

Sincerely,
Danna Moore

Director, Global Operations
Project AWARE

P.S. Please stay in touch! Visit us at www.projectaware.org, connect with us on social media and be sure you're subscribed to receive Project AWARE e-news.

In accordance with IRS regulations, this gift is tax deductible in the amount allowed by law, minus any goods received. Project Aware is a 501(c)(3) non-profit organization. Our US Federal tax ID number is 33-0540475, Australian ABN 90 716 543 018, UK Charity Number 073327.
